# Kahuna for Heavy Industry

Ensure the day-to-day operations are productive, compliant, and safe with a powerful, digitized competency management platform
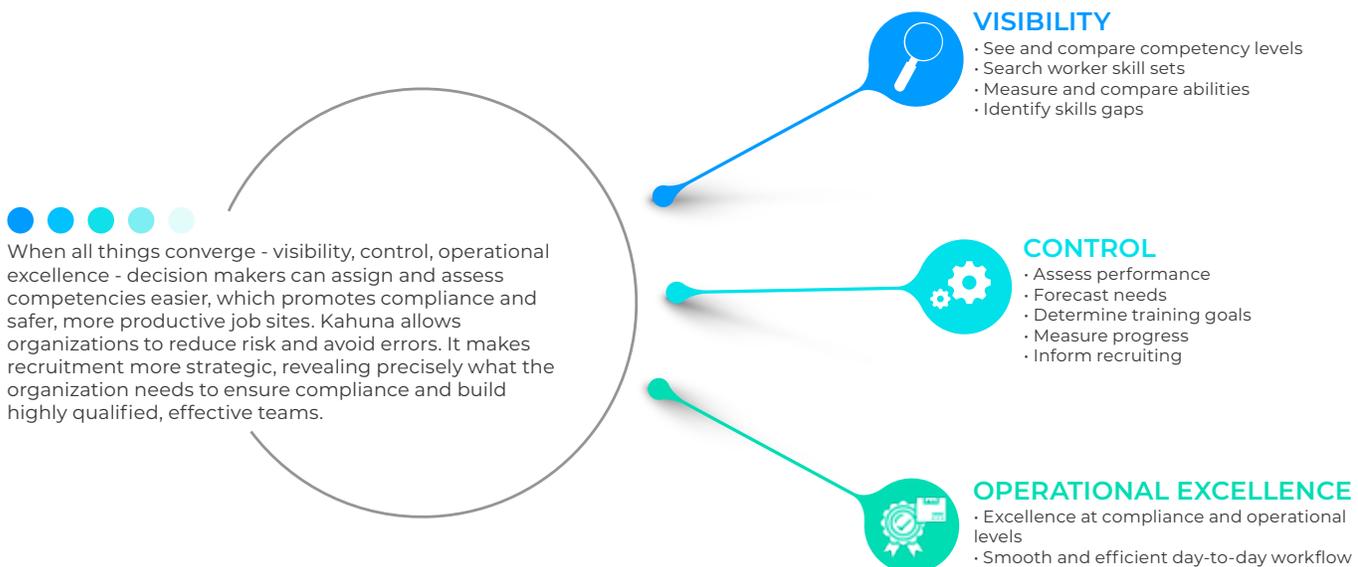

## COMPETENCY BRINGS VALUE

**Streamlining Your Workforce to Tap Into Its Full Potential**

From operating dangerous equipment to having specialized skills, we know that those working the day-to-day operations in heavy industry have challenging roles. Up until now, ensuring your workforce was completely competent in their assigned roles was difficult because the tools available didn't fully reflect how competencies were assigned and assessed.

With enterprise-wide visibility into competency levels across your organization, Kahuna is architected to meet the needs of how you really assign and assess competencies. Kahuna gives heavy industry organizations complete visibility and control, empowering you to place the right worker in the right job at the right time – one hundred percent of the time.

## ENSURE COMPLIANCE & HIGHLY QUALIFIED, EFFECTIVE TEAMS

**VISIBILITY**
- See and compare competency levels
- Search worker skill sets
- Measure and compare abilities
- Identify skills gaps

When all things converge - visibility, control, operational excellence - decision makers can assign and assess competencies easier, which promotes compliance and safer, more productive job sites. Kahuna allows organizations to reduce risk and avoid errors. It makes recruitment more strategic, revealing precisely what the organization needs to ensure compliance and build highly qualified, effective teams.

**CONTROL**
- Assess performance
- Forecast needs
- Determine training goals
- Measure progress
- Inform recruiting

**OPERATIONAL EXCELLENCE**
- Excellence at compliance and operational levels
- Smooth and efficient day-to-day workflow

## WHAT PROBLEMS ARE WE SOLVING?

**Kahuna Solves Multiple Use Cases Across Heavy Industry**

Built with compliance and workforce management in mind, Kahuna achieves something rare. It enables those working the day-to-day operations of heavily regulated industries to assign, assess, track, and manage the performance and skill sets of their workforce. Whether your team is dispersed across a plant or a larger geographic area, Kahuna's competency management platform helps you reduce risk, prove compliance, build highly qualified teams, and enable faster decision making to improve the productivity and safety of your workforce.

### ENERGY
